

Governor Tina Kotek  
900 Court Street  
Suite 254  
Salem, OR 97301-4047

**Notice to the Agent is notice to the Principal. Notice to the Principal is notice to the Agent.**

Governor Kotek,

Here are “Tranche Indexes” 12, 13, 14, and 15 of COVID related articles and research papers. These indexes and their associated documents, along with a cover letter (which is included in this mailing to you), have been emailed to:

- James Schroeder
- Dean E Sidelinger MD
- Rachael Bank, MPH
- AG Ellen Rosenblum
- SOS Shemia Fagan
- Treasurer Tobias Read
- BAR attorney Nancy Hungerford – legal representative for Sweet Home School District
- AAG’s Livny Yael and Jonathon Groux
- Sarah Terry and Emily Nazarov at the Oregon Dept. of Education (ODE)
- Sweet Home School officials Dale Keene, Jason Redick, Debra Brown, Kevin Strong, Mike Reynolds, Terry Martin, Kevin Hill, Sara Hoffman, Jim Gourley, Janice Albert
- The ODE Fair Dismissal Appeals Board (FDAB) – including Bob Sconce, Jim Westrick and Josh Wetzel

I am disappointed Governor Kotek that you haven’t contacted me to request the documents of the previous eleven tranche indexes you were mailed. I sincerely hope you will not be running Oregon like Kate Brown did for the past 8 years. Kate Brown ignored Oregonians, especially those outside of the I-5 corridor from Eugene to Portland, or anyone who tried to bring information to the table that she personally did not want to hear. She closed down Oregon government throughout the nebulous COVID state of affairs completely excluding the public from government involvement.

I would like to get all 15 tranches of extremely important COVID articles and research papers to you, but it would have to be via email...just too much to mail and I don’t want to waste the paper and ink. Email me your email, and I will send them. You are going to need this information to make cognizant decisions, because the OHA has been continuously ‘dropping the ball’ over the past three years regarding COVID.

Seems you need someone at the OHA who can actually read and understand medical literature,

and who makes intelligent, logical, honest decisions based on ALL available information. You don't seem to have anyone there currently who fits that description.

As was presented in the last letter I sent you, illegal activities have been, and most likely still are, occurring at the OHA. A whistleblower, who is happy to sit down with you and your staff, has all the information needed to prove the OHA malfeasance. At the website <https://corruptoregon.weebly.com/> you will find video, transcripts, interviews and plenty of documents that illustrate the immense corruption going on in Oregon at multiple levels. All this information was emailed to you and every other Oregon public servant 2½ years ago. You would think Oregon bureaucrats would be extremely interested in, and horribly concerned about, this information. Nothing but crickets.

I certainly understand why groups of Oregonians are desiring to opt out and divorce themselves from the Eugene to Portland I-5 crowd and Salem government. If the current state of affairs continues in Salem, it will happen very soon. These ignored Oregonians don't need to go over to Idaho – all they have to do is simply ignore Salem. **That's what happens when people are unheard.** And realistically, you and Salem won't be able to do anything about it. I suggest you start listening, if you haven't already.

Respectfully,

Eric Dover, MD, CTTH
