Notice to the Agent is notice to the Principal. Notice to the Principal is notice to the Agent.

Governor Kotek,

Here are five Indexes for five more tranches of COVID related information - #16-20. Once again, email me your email address and I will send you the five new tranches along with the fifteen previous tranches of COVID documents. **This information is essential to making any future public health decisions.**

This is the fourth letter I have sent you and not a single response to any of them...no acknowledgement that you received the information or even a quick 'thank you' for it. We know you received them. Is this how you treat your constituents? And you think this will unite Oregon?

It has become extremely clear this past year that the path Oregon chose for 'public health' regarding COVID-19 has been a disaster. That was clear from day 1. The initial **masking and six foot spacing** were not based upon science, because decades of previous research clearly showed that neither of these measures works regarding viruses. Your **shutdowns of what you all termed 'nonessential businesses'** destroyed families and communities. Your public health measures had an **extremely detrimental effect** on Oregonians.

Oregon government demonized treatments such as Vit. D, Vit. C, Zinc, Ivermectin, etc. for COVID-19. Bureaucracy destroyed healthcare providers lives, families and patients by using the Oregon Medical Board to tarnish the careers and/or revoke the healthcare provider private property licenses, because they didn't agree with Oregon's fascist government's unconstitutional edicts. Most healthcare providers who had questions of, or disagreed with Oregon government's irrational and unscientific decisions, just kept their mouths closed and followed the Oregon regime's orders out of fear of financial ruin.

Then Oregon bureaucrats pushed/forced the COVID shots on the public. Oregon bureaucrats eventually went to bribing the populace who had avoided the COVID shots; you cajoled them to take a shot with lotteries, free donuts for a year, weed, etc. Pathetic. Now **a huge percentage of Oregon's population has been injected with a genetic shot for which there is no turning back.** Look at the Indexes you have been mailed. Worldwide we are seeing the destruction these EXPERIMENTAL shots have caused and will continue to cause. Unbelievable **morbidity and mortality** have been documented for the past year and will only worsen as time goes on according to what we have seen so far, and what the CDC recently reported. **And to think, you pushed these masking, distancing, lockdowns, shutdowns, and experimental genetic shots on yourself, family, friends, acquaintances, associates, neighbors and all their children.** It is looking grim for anyone who took the COVID shots. Again, all you have to do is contact me and I will put remedies in place that will minimize the damage you have personally had a hand in.

See the attached letter emailed to your fellow bureaucrats. It is quite informative.

My offer still stands to help you get out of this mess. The individuals you have relied upon so far are not qualified in their positions and have done a disastrous job to date. If you choose to continue to follow their inferior and incompetent advice you put your political career into jeopardy. So be it.

Respectfully,

Eric Dover, MD
