**Notice to the Agent is notice to the Principal. Notice to the Principal is notice to the Agent.**

Governor Kotek,

Here are Covid Index Tranches 21-25. I'll send you the documents for all 25 tranches if you provide me with an email address. **This information is essential and critical to making any future public health decisions and to recover and heal from Oregon government's COVID-19 mistakes.** These 25 tranches of COVID information have over 650 alarming and extremely important documents.

**This is the fifth letter I have sent you and not a single response to the previous four.** We know you've received the letters. Is this how you treat your constituents? And you think this behavior will unite Oregon?

**Oregon government made numerous serious 'public health' decision mistakes** in their response to COVID-19. That was clear from day one. Nothing you did was 'based upon science' whether it be masking, six foot spacing, lockdowns of society, censorship of alternative views, the destruction of individuals who expressed alternative views, etc.

**You destroyed families and communities.** Your fear mongering resulted in detrimental impacts on Oregonians. Children fell behind in multiple ways and had an important part of their lives lost forever. Hypochondriacs wore, and still wear, masks and shields driving alone in their cars and walking down empty streets. Long standing relationships have been destroyed. **Businesses and jobs were destroyed while you in government continued to draw a paycheck, receive your benefits and lounge at home.** Absolute insanity.

**You and Oregon government demonized treatments** such as Vit. D, Vit. C, Zinc, Ivermectin, etc. for COVID-19. **You destroyed healthcare providers lives** for recommending the aforementioned treatments, along with their families and patients' lives. You allowed the Oregon Medical Board (OMB) to tarnish stellar careers and/or revoke healthcare provider's private property licenses, because they didn't agree with Oregon government's unconstitutional edicts. Many healthcare providers kept their mouths closed and followed the Oregon regime's orders out of fear of financial ruin.

**You have allowed the OMB to run wild without oversight for decades now.** The OMB knows they are untouchable for anything illegal, unjust and/or unconstitutional they do. I've been told there are three physician openings on the OMB at this time, but no one is applying. I wonder why? No one in Oregon government seems to care about the dysfunctional and unjust OMB, just like you all **DON'T CARE** about the poor and underprivileged. The money intended for the less fortunate is being funneled off – that is stolen. See [CorruptOregon.weebly.com](http://CorruptOregon.weebly.com). This information comes from a CCO (Coordinated Care Organization) insider. This whistleblower is

responsible for Governor Kitzhaber's disgraceful and criminal fall. The OHA, with Kate Brown's knowledge, has been, and most likely still is, selling private health information as clearly documented in the video documentary. Something you are interested in learning about? **Certainly, something you are now responsible for and you were alerted to years ago.**

You and Oregon bureaucrats pushed/forced COVID-19 shots on the public, and eventually lowered yourselves to **bribing the 'unvaccinated' populace** with lotteries, free donuts, cannabis, etc. Pathetic. Now a huge percentage of Oregon's population has been injected with an **EXPERIMENTAL, untested, genetic mRNA shot** for which there is no turning back.

Worldwide we see the destruction these COVID shots have already caused, and will continue to cause. **Unbelievable morbidity and mortality** are being documented and the situation only worsens as time marches on. You pushed masking, distancing, lockdowns, shutdowns, and experimental, untested, mRNA genetic shots on yourself, family, friends, acquaintances, associates, neighbors, the general public, and all their children. How do you reconcile that? **It is looking grim for anyone in the near and long term who took the experimental COVID shots.**

**Attached is the letter emailed with tranches 21-25 of COVID documents to your fellow bureaucrats. Also attached is the letter sent to the Oregon Employment Appeals Board** regarding Mrs. Christina Tressel. You, as governor, need to help this wonderful human being whom Oregon government has tormented for over two years now after a stellar 25-year career in the Sweet Home School District.

**My offer still stands to help you get out of this mess.** The individuals you have relied upon so far are not qualified in their positions and have done a disastrous job to date. If you choose to continue to follow their inferior and incompetent advice you put your political career and legacy in jeopardy. So be it. If not, contact me and I will put remedies in place that will minimize the extreme public damage you have personally had a hand in and, as current Governor, **you will be blamed for if you aren't proactive.**

**Look at the 25 COVID Tranche Indexes you have been mailed and request the associated documents.**

Respectfully,

Eric Dover, MD
