Hello everyone,

You are receiving FIVE more tranches of extremely important information regarding:

- COVID-19
- The **EXPERIMENTAL** COVID shots that we aren't allowed to know their ingredients.
- Skyrocketing morbidity and mortality of all medical issues – all documented worldwide in life and health insurance actuaries, mortuaries, government documents, and VAERS, military and pharmaceutical data.
- A new medical diagnosis – SADS (Sudden Adult Death Syndrome), also known colloquially as 'Died Suddenly'
- Young, healthy adolescents, teens, and young adults with myocarditis, emboli, thrombi, and myocardial infarctions at unprecedented rates
- Lockdowns
- Masking

Foolish and panic-stricken bureaucrats totally screwed up the response to a ‘virus’ we had no information on nor the factual story behind it. **You all were 100% wrong on all accounts. You got absolutely nothing right, but you did cause intense fear, anxiety and stress for many.** You jumped to conclusions based on no information.

Somehow, influenza completely disappeared in 2020 to 2022 and COVID-19 took its place. Amazing! And just as amazing is that the number of deaths in 2020 were the same as the average number of deaths per year for previous years – so there were **no ‘excess’ deaths**. Again, amazing. Never seen anything like it in my lifetime nor in any past medical history I’ve studied.

And what does the bureaucracy tell us? “Take this experimental genetic mRNA shot that has never been given previously to humans and killed the rodents it was tested on in previous years.” This has been the biggest public health blunder in history. Just knee jerk reactions by unqualified individuals imposing their imagined authority over ‘public safety’. **Or maybe it was no blunder.** Maybe you all were **paid off** like the physicians who received a bonus for giving COVID shots. And look at all the new billionaires in Big Pharma as a result of COVID. **You all decided to create panic and fear. The states who didn’t create such an atmosphere fared much better in all measurable categories compared to those who did.**

All of you have refused to listen to, let alone consider, alternative thoughts or voices from even the authorities in their fields, such as scientist and mRNA vaccine researcher Dr. Robert Malone (the inventor of the mRNA shots). Instead, you attack contrarian medical authorities and revoked their licenses. It is now time to rectify your mistakes and make amends with the Oregon community as a whole because you all caused a tremendous amount of unnecessary damage, including death, to a lot of people. Don’t know how you are going to **reconcile your horrendous mistakes** made as a result of your ‘refusal to listen to anything you don’t want to hear’. **I certainly have some solid ideas that would remedy the situation.** If you let this ‘situation’ fester, it will only worsen.

This has become personal for me. I lost the best friend in my life to this damn COVID shot about one month ago. Fifty-eight years of friendship gone because Mike ‘died suddenly’. A healthy man with no comorbidities other than a wife who is extremely frightened of ‘COVID’ as a result of government and media. He gets the booster shot and three weeks later he’s dead. He was playing in the house with his dog when his wife went into another room for a business call. Fifteen minutes later she comes out and finds Mike dead on the floor. He left behind his 11-year-old son, wife, and 88-year-old mother. He was an extremely good man – God Bless his soul.

Dave Baden, I’ll get you up to date with these current tranches and also the past 15 tranches.

I recommend you all look very closely at the Indexes, but I highly recommend you read the associated documents. **You now have these documents and are responsible for understanding the information they contain.** Lawsuits are multiplying and they will only increase as the public further awakens to the deadly scam pulled on them. Incredible amounts of money have been made off of the public’s fears and their lives, hospitals and Big Pharma in particular.

Tranche 16 – Every document destroys the false narrative we have been fed. Excess deaths Fifty-seven-fold increase in miscarriages with COVID shots compared to flu vaccine. Autopsy histopathologic cardiac findings. Chinese whistleblower. Medical ethics violations. **I highly recommend you pay special attention to the John Hopkins University Center for Health Security document from 2017 titled “SPARS 2025-2028”.**

Tranche 17 – Another listing of **deaths** of very healthy adolescents, teens and young adults. Again, this is just a very small sample of the actual deaths occurring in the young. Older folks, like my friend Mike, are written off by the system as a ‘natural death’, but no one can stop the staggering raw data coming out confirming the shocking amount of morbidity and mortality worldwide. If you endorsed the COVID mRNA experimental genetic shots, and especially if you were involved in ‘forcing’ them on others, you have been personally engaged in a genocidal operation. **Just consider what you have done to your family, friends, associates, yourselves, and everyone else in Oregon.**

Tranche 18 – CDC reported that **each COVID shot takes 7 years off of a person’s life. If you are now 30, and took the entire series of shots, the CDC says you will be lucky to survive to 55 years old...hyper-accelerated aging.** mRNA ‘vaccines’ are entering the nucleus of all cells. Graphene Oxide/Hydroxide is in the COVID shots. Excess deaths. **Myocarditis epidemic.** Masking was useless and dangerous.

Tranche 19 – More unbelievable documents. **Natural immunity is superior.** Excess deaths. Myocarditis epidemic. **WHO now says COVID ‘vaccines’ not recommended for healthy kids and teens.**

Tranche 20 - More unbelievable documents. **Autism effected 4 per 100,000 children in the mid-60s and 70s. The CDC just released a report regarding autism in 2020 - the rate has skyrocketed to 1 in 36 kids – primarily boys, especially of color.** These numbers have surely worsened since 2020. I’d highly recommend you all focus on this public health catastrophe instead of COVID which essentially killed no one less than 18 – only 0.003% of those who were supposedly infected died and they were medical disasters to begin with. I have a good sense of what the source of the autism problem is and it can be easily remedied. It is disgraceful that the autism problem has been allowed to balloon to such horrific statistics.

Respectfully,

Eric Dover, MD
