Kristina Narayan

To All,

Here are NINE more tranches of COVID related information – 249 documents. I suggest you look very closely at these, and all previous documents you've received. You are personally responsible for this information you have been provided, and for your reckless and uninformed decisions of the past, or any mandates you attempt to put in place in the future. Ignore this information at your own personal risk. If the OHA actually did their job, you wouldn't need me to provide these documents.

I have a question. **How much money have you or your government agencies received from the Feds and Big Pharma to push this agenda?** We know physicians, healthcare

systems, and physician organizations have received 10s of millions of dollars. As indexed in Tranche 26, the **American College of Obstetricians and Gynecologists (ACOG) received \$11 million to push COVID shots on pregnant and breastfeeding women.** In Tranche 34 are documents regarding how **physicians were financially rewarded for pushing the COVID shot.** Kristina Narayan should know a lot about this.

Physicians who stood up and took an informed and ‘do no harm’ stance against the bureaucratic insanity have been destroyed, as have their families, by OREGON STATE, INC.’s and OREGON HEALTH AUTHORITY, INC’s proxy, the Oregon Medical Board (OMB). Workers who refused the forced/coerced COVID shots lost careers, and were financially devastated by OREGON STATE, INC. Families and children have suffered as a result, and none of you seem to give a damn. **All this was enforced by the totalitarian bureaucratic bullies of OREGON STATE, INC. – that is, all of you.** What are you going to do to fix this disaster? How are you going to repent for your purposeful misdeeds?

Physicians who participated in this ‘vaccination’ hoax are now responsible for malpractice and murder. These spineless, ignorant, and greedy physicians should all be revoked. These are the same physicians that attack and revoke good, and usually the best, physicians. **Same holds true for you bureaucrats – you are responsible for murder.** What should you all lose as a result? I have my own ideas.

It seems many of you are all about ‘my body, my choice’ when it comes to abortions and kids taking hormones, hormone blockers, and undergoing radical surgical procedures, but nothing else. When it comes to a ‘vaccination’, you throw out ‘my body, my choice’. Utter hypocrisy.

I have been examining the blood of those who did and didn’t take the COVID shots. Those who took the shots, if they weren’t lucky enough to get a placebo saline shot, have horrific changes in their blood. I have never seen anything like this over 40 years as a physician.

COVID shot lots have been examined and researched. Certain lots had significant sequelae in those who received them. Lots that went to red states had up to 3x the amount of modRNA than they should have had. The blue states were more likely to receive lower than recommended doses of modRNA or none at all (a saline placebo). And yes, I stated modRNA (modified RNA). RNA uses four nucleic acids. It is now known that one of the four nucleic acids in the mRNA shots is not natural. It is man-made.

It is clear that the public no longer trusts Big Pharma - only 2% of Americans have taken the ‘new’ booster. At this juncture, most everyone now knows someone who has suffered significant morbidity and/or mortality from the **experimental genetic shots.** They, at the very least, understand the shots don’t work. My goal currently is to further understand what has been

brought upon the population as this disaster unfolds, and to start detoxing those who have been violated by gaslighting bureaucratic boobs and the medical system whose only concern was about the Benjamins.

You all are walking on thin ice, both legally, financialy, and with you and your family's medical well- being, as a result of your criminal and irrational decisions.

Respectfully

Eric Dover, MD
