To the Oregon Employment Department, Employment Appeals Board, Mark Mayer (Complaint & Appeals Coordinator),

The video transcript has been received. When can I reschedule the hearing for Case Order No. 22-UI-204689 - Reference #2021-UI-53883 ???

There has been an unintentional oversight to the hearing in regards to my termination from my employer. As you well know, from the video transcripts, I was at my hearing and tried to speak to the reason I filed an Appeal. I left the hearing confused that I couldn't speak on my behalf about my unlawful termination.

Evidently I missed my termination hearing. I would never have missed this hearing intentionally, as I have waited a year to be heard. I feel like I was deceived and I am demanding that a new hearing be rescheduled.
