

## Tranche 26 Highlights

COVID jabs are causing VAIDS (Vaccine caused AIDS) in children and destroying their immune systems.

Mortality and morbidity are skyrocketing worldwide. All since the COVID jabs.

Women and babies have been horrifically adversely affected by COVID jabs. Pfizer and the FDA were well aware of what would occur, and did occur, in women who received the jab and were pregnant and/or had infants who breastfed from them.

The **American College of Obstetricians and Gynecologists** pushed the COVID jab fully knowing how women and their babies would be affected and were affected. **In return they received \$11 million for their criminal actions.**

In addition, there are a number of documents regarding **autism** also listed. It is interesting that the **Amish**, who take no childhood vaccines, have basically **no autism**, while the **general population, who is forced and propagandized to take childhood vaccines, has an autism rate of 1 in 30 births**, primarily in males as opposed to females.

How much longer are you all going to push the early vaccination of kids with toxic materials and the outrageous number of vaccines recommended? The autism rate is predicted to soon affect 1 out of every 2 births. **When will you wake up to reality?**
